8th Scientific annual meeting of the Swiss Society of Pediatric Cardiology November 11th, 2016

Congestive heart failure in congenital heart
diseases, from fetus to adult

unknown artist, Graffiti seen in Rome 2016

Dear colleagues,

It is our pleasure to invite you to our scientific annual meeting of the Swiss Society of Pediatric Cardiology (SSPC) in Bern.

The program promises us expert lectures, exciting TED-based cases to summarize participants opinion and a new *posterwalk* session with the opportunity to present research projects and ideas in the field of congenital cardiology, heart surgery and imaging developments.

We are pleased to invite nurses to join the parallel session of collaboration of the nurses caring for our patients with congenital heart diseases.

We are looking forward to see you in Bern.

Sincerely yours,

Mladen Pavlovic

Sabine Pallivathukal

Jean-Pierre Pfammatter

Damian Hutter

Swiss Society of Pediatric Cardiology
